

How Many Times

Join us for a look at past military accidents and take the lessons learned from those accidents and apply those to human factors in the General Aviation community. How often do we hear what we expect to hear or see what we expect to see? We'll look at "Who's in Charge" when things go wrong. Our guest speaker is Dave Hall, CFI and FAASTeam Representative from Heritage Aviation and former accident investigator with the USAF.

Directions: Just past the General Aviation Terminal on Fox Hill Road

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
